

Jason O'Malley

CompTIA Security+ Certified | Full-Stack Developer

Washington, DC | 917-753-2905 | sebastianomalley@gmail.com | linkedin.com/in/jasonomalley | jason-omalley.com

SUMMARY

CompTIA Security+ certified professional with a full-stack development background in JavaScript, Node.js, and REST APIs, and coursework in Python and cybersecurity fundamentals. Comfortable across networking, system, and application layers, with hands-on experience building and deploying web applications and a working understanding of common attack vectors, security controls, and incident response workflows. Currently completing a Master of Liberal Arts in Digital Media Design at Harvard Extension School. Brings additional experience in Agile/Scrum practice (PSPO I, PSM I) and independent business ownership.

TECHNICAL SKILLS

Security & IT: CompTIA Security+ (network security, threats/vulnerabilities, IAM, cryptography, risk management), Cybersecurity Fundamentals (coursework), Linux fundamentals, TCP/IP & common ports/protocols

Languages & Web: JavaScript, Node.js, HTML & CSS, REST APIs, Python (coursework)

Tools & Platforms: Git, GitHub, GitHub Pages, DigitalOcean, Render

Digital Media: Adobe Premiere Pro, Adobe After Effects, Adobe Photoshop, Adobe Audition

EXPERIENCE

Founder | *A Digital Media Studio* 2025 – Present

- Develop interactive digital media projects combining film, design, and software
- Build creative web applications and software-driven media experiences
- Lead concept development, production, and technical implementation end-to-end

Freelance Software Engineer | *Self-Employed* 2020 – 2025

- Develop full-stack web applications using JavaScript, Node.js, and REST APIs
- Build interactive applications integrating third-party APIs and dynamic data
- Design responsive user interfaces and backend data structures with attention to secure coding practices

PROJECTS

Personal Portfolio — jason-omalley.com

- Built from scratch with HTML, CSS, and JavaScript; deployed on DigitalOcean
- Features scroll progress tracking, custom animations, mobile navigation, and integrated contact forms
- Showcases six original projects spanning IaaS, PaaS, and SaaS platforms, including web applications and interactive tools, a short film documentary, and an animated short film

EDUCATION

Master of Liberal Arts (ALM), Digital Media Design

Harvard University Extension School | Candidate; coursework in Node.js, Python, cybersecurity fundamentals, and modern web development

Bachelor of Science, Sociology

University of North Carolina Wilmington

CERTIFICATIONS

- CompTIA Security+
- Professional Scrum Product Owner I (PSPO I)
- Professional Scrum Master I (PSM I)
